Task 3.2: Dedicated Website as an Entry Point to the Ukrainian R&I Community

The HEOinUA website was created as a means of providing all target groups (NCPs, research institutions, researchers and SMEs, policy makers) with information on effective tools and procedures for participation in EU framework programs. The website is a tool for raising awareness of the Ukrainian society about the role of the research sector in the modern economy. The content of the website is regularly update by communications specialists with information about Horizon Europe news, as well as new calls for proposals, announcements of Horizon Europe-related events, event reports, links to videos of events, as well as information about successful Ukrainian participants and the impact of their research/innovation on the economy and/or social life. The HEOinUA website is active: <http://surl.li/raauv>.

Before the launch of HEOinUA official website information about its activity was available on the official website of the National Research Foundation of Ukraine at <https://nrfu.org.ua/news/>.

Work Package 4: PROVIDING ADVICE AND ANALYSIS

The objectives of the Work Package 4 are to provide advice and analysis on Horizon Europe and UA participation to all target groups; to ensure support to NCPs and Ukrainian participants looking for international consortia members; to the stakeholders with analytical data necessary for effective decision-making; implementation of measures to develop HEOinUA’s sustainable cooperation with similar HE offices; to help the Ukrainian R&I community have better access to

information about EU-linked R&I cooperation opportunities beyond the HE programme, such as COST and EUREKA.

Task 4.1: Support of the involvement of Ukrainian applicants by providing consultations and assistance, and help with partner search

Support for the participation of Ukrainian applicants by providing advice and assistance, as well as assistance in finding partners, is provided regularly through email newsletters. As of today, 91 consultations have been provided in response to inquiries received on the Office's official e-mail.

As of now, organizational and preparatory measures are being taken to launch the procurement procedures (according to Ukrainian legislation) for purchasing the services to be provided by the liaison officer in Brussels aimed at further exchange of information and provision of consultations, in particular disseminating information about HEOinUA and its online tools, disseminating information about potential Ukrainian participants seeking foreign collaborations, collecting and analysing information about European potential participants seeking partners in Ukraine; accurate and timely transfer of information to HEOinUA for its dissemination among relevant target groups.

Task 4.3: Support of national and international cooperation, including cooperation with similar offices in the EU and associated countries, and through involvement in NCP network related projects

HEOinUA develops a sustainable cooperation with similar Horizon Europe offices by establishing proper communication and exchanging best practices for their further implementation and dissemination. Such exchange shall be conducted primarily in an online format.

Cooperation has been established with:

- the Polish National Contact Point;
- the Swedish Research Centre;
- the Polish Academy of Sciences;
- COST National Coordinator;
- Horizon Europe Office in the Republic of Moldova.

Task 4.4: Exploring and facilitating synergies with the EU-linked R&I cooperation opportunities beyond the HE Programme

The Office's staff disseminates information on opportunities for cooperation in research and innovation related to the EU outside the Horizon Europe Framework Program (in particular, COST, Science Europe).

The information was presented and disseminated during participation in the next events.
