

## Estonian Research Information System (ETIS)

 <https://www.etis.ee/>

The **Estonian Research Information System (ETIS)** is the central national platform for finding researchers, research groups, publications, projects, and institutional profiles. It is the primary tool for identifying suitable Estonian partners for collaborative research proposals.

ETIS provides:

- Comprehensive profiles of researchers and institutions
- Information on ongoing and completed research projects
- Access to publications and research outputs
- Verification of researcher qualifications for national and international calls

In LUKE call, all legal entities that are registered and located in Estonia and have an Estonian bank account are eligible to apply, provided that they have a Principal Investigator who meets the qualification requirements set out in the [ETAG National Eligibility Criteria](#).

The following institutions have successfully passed the national evaluation procedure:

Name	Legal Status	Link
TFTAK	Public limited company	<a href="#">TFTAK</a>
STACC	Private limited company	<a href="#">STACC</a>
BioCC LLC	Private limited company	<a href="#">BioCC OÜ</a>
Celvia CC AS	Public limited company	<a href="#">Celvia</a>
Protobios LLC	Private limited company	<a href="#">Protobios</a>
Võru Institute	State authority	<a href="#">Võru Instituut</a>
Cybernetica AS	Public limited company	<a href="#">Cybernetica</a>
Tallinn University	Legal person in public law	<a href="#">Tallinna Ülikool</a>
